Report of Firewards

In submitting their annual report, the Fire Wards are pleased to say that there have been no very disastrous fires during the year.

There has been but one general alarm sounded.

We have had eight chimney fires, two of which caused damage to the buildings. Damage from both fires covered by insurance.

There was also a fire at the Folsom Place at Paper Mill Village, caused from keeping ashes in wooden barrels, in the shed. No insurance.

The pump for which money was raised last March has been installed on the fire truck and has been tried out and proved satisfactory, and we feel that the town now has a piece of fire apparatus of which they can well be proud.

In testing the 850 feet of leading fire hose, which the town owned, it was found that only 200 feet were serviceable. The old hose has now been replaced so the town now has 850 feet of strong hose.

We wish again to urge all building owners to try and keep their chimneys cleaned out and by so doing help keep down a large number of needless chimney fires.

HARLAN E. SHEDD,
CHARLES W. BLANCHARD,
Fire Wards.

REPORT OF TRUSTEES

Your Trustees are glad to report some progress in their duties. Our books have been card indexed at very little expense to the town, and two of your trustees know that the town owes much to Miss Annie A. Atwood for her long, hard job in doing the same. Miss Atwood was ably assisted by Miss Florence F. Atwood. Others, including Miss Blanche Dodge and our librarian, did much to help.

Two additional sections are being added to our book stack and were badly needed.

Parents, be the elder brother and sister to your children and encourage them to read good books, for we believe it means much to them. At the present day there seems to be no demand for girls' books and very little for boys'. Is this as it should be? Think it over.

Our thanks are again due Mr. Clarence H. Dodge for the use of the Library room.

Report of School Board

To the Selectmen of New Boston and the Inhabitants of the School District:

The School Board of the District of New Boston respectfully submit the following report.

During the past year we have made the usual minor repairs, such as setting glass, replacing shades, etc.

No. 8 has not required extensive repair. The roof was repaired, the chimneys topped out, and the wood shed clapboarded. The shed and shop were painted and the shop was wired for lights.

The ceiling in the lower entry is in bad shape and needs attention in the near future. The pump and sink which are in the entry are frozen practically all winter.

We were obliged to shingle No. 2 last summer and put temporary support under the floor, which needs permanent repairs soon. The floor joists are decayed and it would be hard to designate actual repair until the floor is uncovered.

No money was expended at No. 4, a school not in use.

At No. 5 we were obliged to exchange stoves, taking the one from No. 16 to replace one beyond practical repair.

At No. 13 no repairs of any extent were made.

No. 15 has a new flag. Pole and bracket replace the old pole in the yard which was beyond use.

No. 16 was not in use and no repairs were made.

The School Board wishes to thank all the citizens of the district for their help and the co-operation shown in the past year in school matters.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Members of School Board and Residents of New Boston District:

In this report, the fourth I have had the privilege of submitting, the items covered during this period are the recurring and common ones of the school year.

In the High School this year Mr. C. A. Lyon is serving as Headmaster for the third year. Miss Madeleine Eastman, teaching Latin, French, Economics and Algebra, is with us for her second year. Miss Blanche Dodge, teaching four periods of English daily, is also in her second year's teaching in High School.

Other teachers: No. 2, Mrs. Nellie Chauncey; No. 5, Miss Ruth Palmer;; No. 8, Primary, Miss Dorothy Prentiss; No. 8, Grammar, Miss Beatrice Pettengill; No. 13, Mrs. Jennie Colburn; No. 15, Miss Aimee Stevens. The news teachers are Miss Palmer, Miss Prentiss and Miss Pettengill. Miss Palmer began teaching this year. Miss Prentiss and Miss Pettengill have both had previous teaching experience before coming to New Boston.

The enrollment in High School has been about 45, just about as last year. In the one room schools the number are about the same as before. In the village schools the Grammar has had to take care of forty-three this year. When the new seats were put in two years ago forty were thought to be sufficient. While the room can accommodate more, a teacher having four grades, and all the work, should not be expected to take care of more than forty, if best results are to be expected.

Of the five graduates from grade eight last June four have entered High School. Among the recent

graduates of the High School the following have entered various other educational institutions:

Dartmouth, Homer Dodge. New Hampshire University, Carolyn Dodge, John Todd, Clarence Holt; Boston University, Henry Dodge, Donald Fraser; Northeastern University, Clarence Boulter; Simmons College, Elise Holt; Plymouth Normal School, Ellen Barr, Gertrude Wahls; Business College, William Dotey.

By means of a questionnaire distribution among the students now in High School, Mr. Lyons has found that a rather surprisingly large number hope to continue their training beyond High School. The results indicate the following "hopes" and intentions.

Desiring to enter college	7
Desiring to enter Normal School	6
Desiring to enter Business School	4
Desiring other training	12
	<hr/>
	29

In other words two-thirds of these students "hope" to go on with their training. This emphasizes the necessity that our work in High School must be the best possible we can provide, in order to fit as best we may these young people for the "next step."

This is the third year of the Agricultural work in the High School. The report of the "Projects" will indicate the type of work and the business like way of handling these. All items of expense are carefully recorded, as well as any item of income. In this way the profit may be accurately known, rather than guessed at.

New Boston High School Department of Agriculture

Some results of the Agricultural Project Work for 1925:

Name of pupil	Project	Expense	Receipts	L'b'r Prof.
Leslie Tower	200 chicks	\$107.99	\$181.87	\$ 73.88
Horace Chandler	550 chicks	318.60	451.00	132.40
Harland Brown	½ a. potatoes	30.31	113.00	82.69
Laban Todd	½ a. potatoes	33.81	122.75	88.94
Donald Byam	200 chicks	171.03	245.70	74.67
Webster Burnham	½ a. garden	82.38	174.64	92.26
Kenneth Fales	1-5 a. potatoes	16.00	53.75	37.75
Merrill Todd	1-5 a. potatoes	17.51	64.70	47.19
Gordon Corliss	1-5 a. potatoes	15.03	24.50	9.47
Russell Carroll	100 chicks	48.38	39.56	8.82
Ralph Bailey	½ a. beans	12.30	9.75	2.55
Gordon Chauncey	¼ a. garden	not completed		

Average labor income for those boys whose project was a success was \$71.00

The results of this work have a three-fold significance, namely, that the pupils are working, learning and earning.

This is vocational agriculture in reality.

Of the one room buildings in use all are in very good condition excepting No. 2, which will have to have considerable work done. This may require taking up of the floor, placing of new sills and re-floored.

The completion of the work on walls and ceilings of the building at the village should be completed. Blackboards in the building are needed. When these two inside improvements are made the building will be in good shape. Last fall "fire-exit" locks were placed on the doors in order to comply with state laws applying to school buildings. Also, to lessen the fire risk, extinguishers have been put in.

I am glad to acknowledge the co-operation of the School Board and teachers. With this word of appreciation this report is Respectfully submitted,

J. BYRON TARNEY, Supt.
